Karen

Found one on the pet planet site, might be a bit on the large size dunno as it's for a dog and called dogloo costs around £98.00 have a look!!

thanks for the tip Nicky (and sorry for not getting back to you sooner). Did have a look at petplanet and found another shop 'pets beds and baskets' - they seem to have a good range of products and i found a igloo that is large enough.

thanks again (why havent you been on for a while? Hope you're well):woohoo:
